TO DO.

La vera magia vive nella trasformazione: a contatto con l'acqua, il cosmetico solido inizia a creare una leggera schiuma detergente, da spargere sulla pelle e sui capelli. La sensazionale ed unica texture lascia sul corpo una straordinaria esperienza di pulito consapevole.

The magic is in the transformation: once in contact with water, the bar starts melting to be spread on the body or the hair. With a unique and sensational texture for an extraordinary experience of conscious clean.

1. Sbriciola il cosmetico solido sul palmo della mano e aggiungi qualche goccia d'acqua.

1. Crumble the solid bar on your hand and add water.

2. Massaggia tra le mani fino a creare una soffice schiuma.

2. Scrub it between your hands to create a creamy foam.

3. Utilizza la schiuma e risciacqua con acqua.

3. Use the foam and wash it away with water.

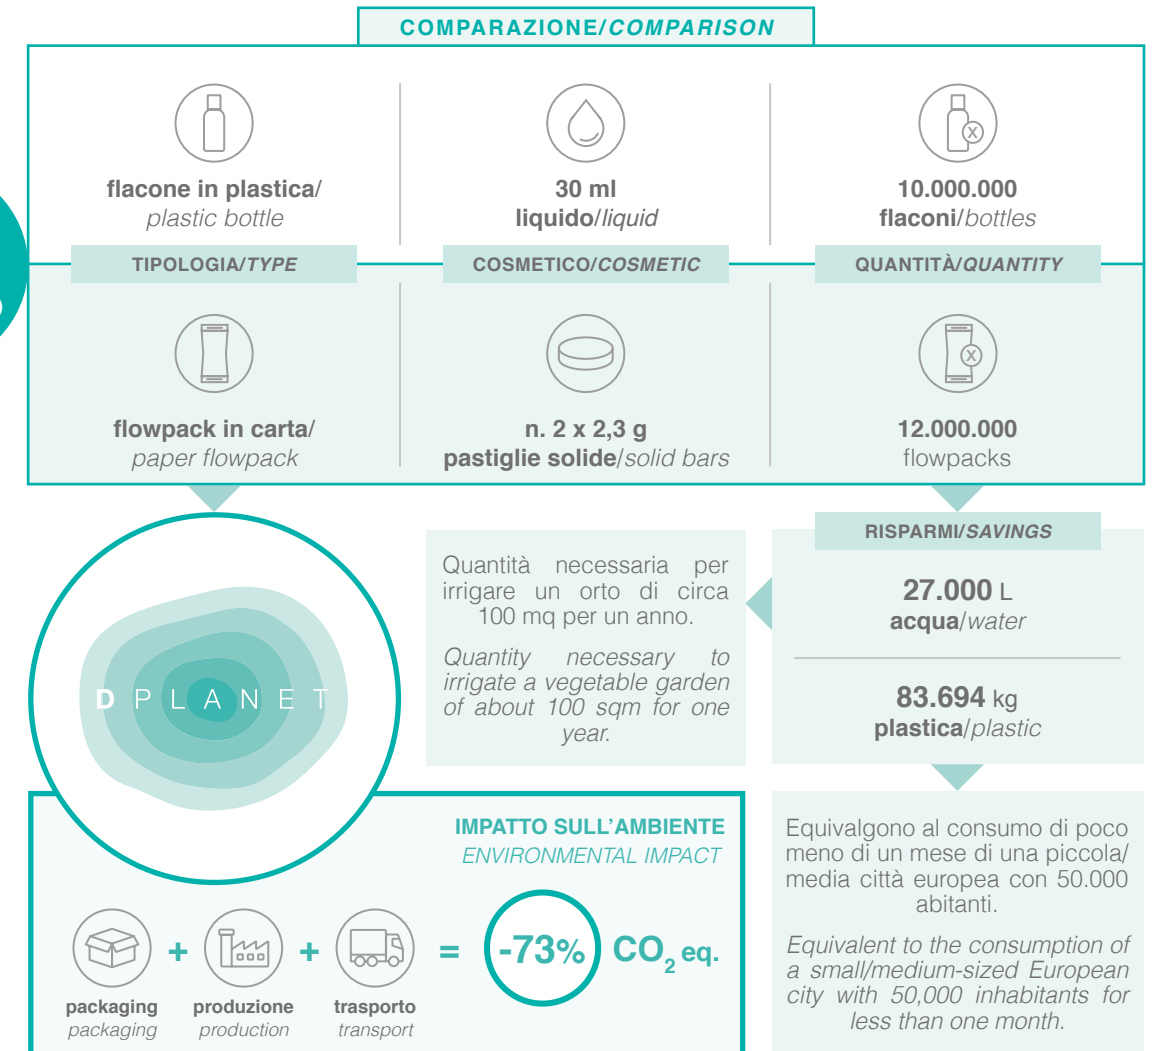

SUSTAINABILITY.

Dallo studio LCA (Life Cycle Assessment) condotto da Allegrini è emerso che, in termini di packaging, produzione e trasporto, il cosmetico solido impatta sull'ambiente in misura minore rispetto all'equivalente quantitativo della tradizionale versione "liquida", con una **riduzione delle emissioni di CO₂ eq. in atmosfera del 73% circa.**

LINES

ARGAN SOURCE® H: HOTEL COSMETICS WITH ARGAN OIL

Argan oil is widely used in the cosmetics industry due to its antioxidant, moisturizing and nourishing properties. This is a powerful moisturizer that regenerates and restores the skin, stimulates cellular metabolism and neutralizes the effects of free radicals, protecting against aging.

The intriguing aroma of this line, combined with the exquisite design of the bottles, immerses you in a special atmosphere filled with the hot wind of Morocco, desert gold, spices and ancient beauty recipes.

OLIVA DEL MEDITERRANEO H

Oliva del Mediterraneo H: this is our hymn to ancient beauty recipes and one of the most precious fruits of the Italian soil - the olive tree.

The line's compositions are enriched with olive oil, and its aroma is the embodiment of sun, joy and the atmosphere of the Mediterranean. Olive oil has been used by humans since ancient times, including as a cosmetic product due to its moisturizing and antioxidant properties. The valuable oleic acids it contains delicately cleanse the skin, tone it, add elasticity and leave a pleasant aroma.
