## Моющие средства для стекл

### DETERGENT FOR WINDSCREEN - MIGNON -26

-26°C glass-cleaning detergent for windscreens

016DIMIO250

High-performance detergent for vehicle windows. MIGNON -26 is a detergent which is ideal for any season, and essential in the winter as its particular formula guarantees a freezing point as low as -26°C. It contains a mix of surfactants which have been specially selected to avoid the phenomenon of stress cracking on plastic surfaces (e.g. polyacrylates), which are increasingly used in the automotive sector. As well as cleaning, it also increases and facilitates the smooth passage of windscreen wipers, reducing kinetic friction with the glass.

For dilution ratios, follow the indications listed in the directions.

# DETERGENT FOR WINDSCREEN - PARABREZZA CLEANER

## Mint essence windscreen detergent

016PCME0250

During the driving, the dirt sediment on the windscreen can compromise the view and provokes unpleasant situations. PARABREZZA CLEANER is a concentrated liquid additive per bowl, to dilute with water, for windscreen cleaning. It allows a perfect and fast dirt removal assuring maximum view and perfuming car interiors with a pleasant fragrance. The new formula contains a mixture of surfactants specifically chosen to avoid stress cracking phenomena on plastics surfaces (ex. Poli-achrylate), always more used in the car field.

---

# DETERGENT FOR WINDSCREEN - BI-MOSCHÌ

## Bicomponent detergent for windscreens

016BIMO0250

The countless remaining of midges and insects on the windscreen, if not treated with the appropriated product, may be hard to remove, compromise the view and cause unpleasant situations. BI-MOSCHÌ' is a biphasic concentrated product, for car

windscreen cleaning. Its formula is specific for the efficient and fast removal of midges, flying insects and dirt from the windscreen. BI-MOSCHÌ' is composed by a "Upper Phase" characterized by high degrease power, wetting and lubricating, and by an "Inferior Phase" of an energetic detergent action specific for the removal and the detachment of organic residues. It facilitates the windscreen wiper scrolling by decreasing the friction with the glass and releases a pleasant fragrance.

---

It is not recommended the use of hard water (>25°F) for the product dilution.

# DETERGENT FOR WINDSCREEN - MIGNON -35

## Antifreeze detergent for windcreens -35°

016DIMCO250

A detergent with a high level of cleaning efficiency for car windows. MIGNON -35 is an ideal detergent for all season, and is indispensable in winter, as its particular formulation guarantees a freezing point of as low as -35°C. It contains a blend of surfactants specifically selected to avoid the phenomenon of stress cracking on plastic surfaces (eg. polyacrylates), increasingly used in the automobile sector. As well as cleaning, it increases and facilitates the smooth passage of windscreen wipers, reducing kinetic friction with the glass.

Follow the dilutions indicated in the instructions.

# DETERGENT FOR WINDSCREEN -MIGNON -70

## Antifreeze detergent for windscreens -70°

016DIMS0250

A detergent with a high level of cleaning efficiency for car windows. MIGNON -70 is an ideal detergent for all season, and is indispensable in winter, as its particular formulation guarantees a freezing point of as low as -70°C. It contains a blend of surfactants specifically selected to avoid the phenomenon of stress cracking on plastic surfaces (eg. polyacrylates), increasingly used in the automobile sector. As well as cleaning, it increases and facilitates the smooth passage of windscreen wipers, reducing kinetic friction with the glass. Does not block windscreen washer jets.

Follow the dilutions indicated in the instructions.

# DETERGENT FOR GLASSES - VETROBEL PLUS

detergent for glass with active foam

016VETR0012

Certain surfaces, such as glass and crystal, are often very difficult to clean. The elimination of marks, fingerprints and streaks can take considerable time and effort, and the results are not always perfect. Vetrobel Plus is a detergent with active foam, specifically formulated to clean glass and windows. Its immediately-acting active foam allows the product to adhere to the surface to be treated, guaranteeing effective cleaning in order to remove dust, smog, insects and, more generally, all types of dirt without leaving streaks.

---

One single application of Vetrobel Plus leaves surfaces perfectly clean, optimising costs and saving time.

# DETERGENT FOR GLASSES - DIK VETRI

Detergent for cleaning glass and hard surfaces

016DIKV0005

Certain surfaces, such as car glass and crystal, are often very difficult to clean. The elimination of marks, fingerprints and streaks can take time and effort, and the results are not always optimal. DIK VETRI is a no-rinse liquid detergent formulated with a base of anionic surfactants that effectively emulsify dirt. It ensures effective cleaning to remove dust, fingerprints and all types of dirt without leaving streaks. Particularly recommended for cleaning windscreen, rear view windows and windows.

DIK VETRI is a useful product for cleaning surfaces without rinsing.
